31	Stage Talk Back	Shure Betta 87	Tall Boom
32	Shane Talk Back	Shure Betta 87	Tall Boom

## PRODUCTION NOTES

The band consists of 4 members:

Tyler: Vocals, Guitar, Trumpet

Andy: Guitar, Vocals, Roland SPD SX

Chris: Bass, Vocals

Shane: Drums, Vocals, Roland SPD SX

Judd Hoos carries it's own discreet monitor mixer, in-ear monitor system, microphones, and stands. The band provides all mics and wireless units.

The band runs intro music prior to sets from a trigger pad on stage. Two talk back mics are used on stage to communicate to everyone on stage and front of house crew members. An additional talk back mic is used at the front of house position to communicate from front of house to stage.

In most cases Judd Hoos will use it's own Midas M 32 front of house mixer.

# JUD HOOS AUDIO STAGE PLOT

# JUDDHOOS RISERS, STAGE POSITIONS, AND BACKDROPS

## BACKDROPS & BANNER

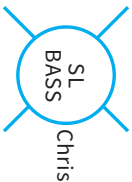

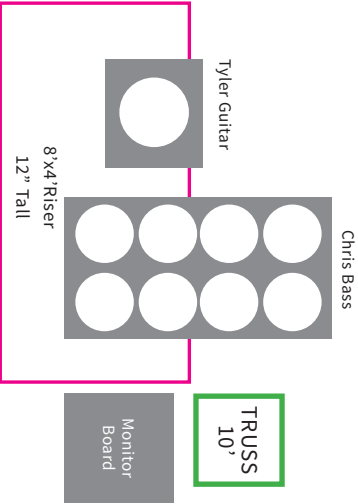

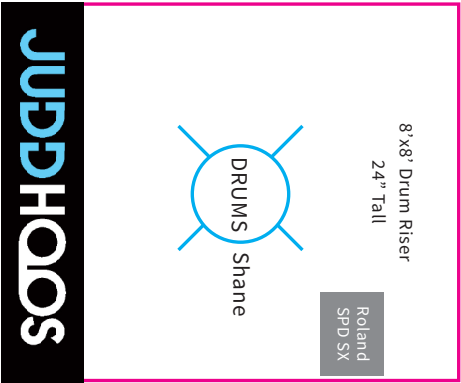

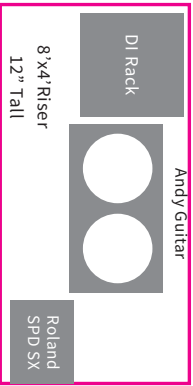

Judd Hoos travels with one 19'x10' backdrop that will be hung for the entirety of the performance. An upstage truss or pipe must be provided that can accommodate this. The band also travels with a drum banner 24" tall x 8".

## RISERS

All risers must be provided by venue. Judd Hoos can provide drum riser.

## TRUSS

Judd Hoos travels with two 12' truss sections that are ground stacked. A 25' wide truss is used to hang the 19' mesh banner and attaches to the 12' truss sections at the bands discretion.
